Coleman Volunteer Fire Brigade

Every town has an organization or body that it may well be proud of.

Coleman should be proud of their fire brigade. Under the guidance of Fire Chief Henry Zak these fellows are doing an excellent job. Fire practice is held every Tuesday night. On nights when it is too cold to open the hydrants, lectures are given and work is done in the hall and on the equipment. During the last month the interior of the fire hall was re-decorated by the brigade with the firemen's outfits washed, helmets re-numbered and everything ship-shape for the first fire. At present they are busy lining up the fire truck's equipment box with veneer and painting it.

Lectures have been enthusiastically received from Fire Commissioners from Edmonton, Calgary and Lethbridge, as were various films on fire fighting and how to prevent fires.

Fire Commissioner Dick Beland from Edmonton, made a point by stating that it was just as much the duty of the fire brigade to prevent fires as to fight them.

He further stated that in case of a fire all civilians must obey the firemen. This should be emphasized as a great number of spectators turn up at a fire and instead of being helpful, knowingly or unknowingly, obstruct the firemen in their duties.

These type of people can be fined by a complaint by a fireman.

New coveralls, with crests of the local brigade, have been ordered for use in practices and displays.

Credit must be given to the town council for their continued interest in the welfare of the brigade and the supplying of equipment such as wrenches, hoses, radio, hall and other necessary fire fighting equipment. The audio blailer is of particular use both to the brigade and for other functions around town.

Two weeks ago the local brigade were hosts to their wives at a very excellent social evening. The men felt that something should be done

Grands sideline Calgary Straths

Coleman Grands had too much class for Lord Strathcona. Horse of Calgary, and captain of the Southern Alberta Intermediate "B" hockey championship by a total score of 11-5.

Grands won the opening game of the two-game total-goat series 6-3 in Coleman on Saturday night, then trounced the Calgary army club 7-2 in the second game at Calgary on Sunday afternoon.

Saturday night Coleman scored three unanswered goals in the second stanza after both clubs had battled through a scoreless opening frame. Straths then scored Grands 3-1 in the final 20 minutes.

Sunday it wasn't until the final period that Straths were able to find the scoring range.

Coleman scored the only goal of the initial canto and scored another four in the second before matching Straths' two goal in the last period.

Kelsinger notched three markers for the winners on Sunday, with "Pilewich" adding a pair. Singles were scored by Chis and Geary.

Gordie Madill and Painter repeated for Straths.

Charla scored two for Grands Saturday night with Pilewich and Kivezka adding singletons.

Danny McLeod, Rollie Fowland and Slater were the marksmen for Straths.

Coleman will now meet the winner of the northern area between Vegreville and Stettler.

About 100 years ago railroad conductors were known as Masters of Transportation.

to thank those wives who wake them up when the siren goes and get them on their way in time. Fire films on prevention, fighting and school drills were shown, followed by bingo, other games, refreshments and then dancing. A good time was had by all.

All in all Coleman can be very proud of their brigade, for their conscientiousness in turning out to practices and being available whenever there is a fire.

Social Creditors Hold Campaign Meeting

A fair crowd was on hand Friday evening to hear speakers in support of E. G. Hansell, Social Credit candidate for the Macleod riding in the coming general election.

Cliff Letcher as chairman, first introduced William Kovach, MLA, of Hillcrest.

Mr. Kovach expressed his pleasure at being able to attend this meeting in support of Mr. Hansell, who had so ably represented this riding in the House at Ottawa for the last 22 years.

He gave a word of explanation on the Alberta budget, stating that the budget this year was lower than ever despite increases in several departments. He explained that people would ask how this was possible that they were able to spend more than they had. This was only made possible because of reserves the government had kept from last year's expenditures.

This year the government would also accept full responsibility for Mothers' Allowances, 80 per cent of Indigent relief and blind pensions. They also pay 60 per cent of Old Age Pensions as only 40 per cent qualify under Federal Government qualifications.

He also described certain educational grants and forestry and highway work the government hopes to inaugurate this year.

He stated that at a recent meeting Mr. Diefenbaker had made a statement he was afraid he would have a hard time living up to. He said "as long as I am Prime Minister never will the poor or humble need suffer."

Mr. Kovach stated that a delegation to Ottawa had put the facts about coal and coal miners' plight before the Government but apparently had fallen on barren soil.

However the delegation was trying again and hoped that with the election going on it might this time. He felt so long as the Canadian Government was importing coal no miner in Canada should be idle as this import coal could be cut in volume and the work to produce this amount in Canada would mean employment for Canadian miners.

The cutback in oil exports would also affect the economy of the Canadian people. He also felt that opening up the northern part of Canada for new resources and other minerals should not be done but since we have these same resources where the people have their homes and highways are already available. He stated the Federal Government did not know how to spend debt free money.

Alberta government pay as they went. As public buildings, highways and schools were completed they were all paid for and belonged to the people of Alberta, debt free. This could also be applied to the Federal Government as the people wanted to be debt free.

Mr. Letcher then introduced E. G. Hansell, the Social Credit candidate. He expressed his pleasure at once again being able to address a meeting here and expressed his thanks for once again being chosen for candidate and that the confidence the people had placed in him for the last 22 years was once again being expressed.

He said he knew the subject of interest to the people in this area was the coal mining industry.

He stated he wished to be perfectly honest and was not going to make a lot of promises he would not be able to fulfill. He stated coal as an industry was in a decline and no hope could be held for the future unless new markets could be found for orders. However, the present Government seemed to be showing little concern in this matter. He felt that the same help should be given the coal industry as is given other industries in other areas. If the import on coal could be cut and a quota of this be given to Canadian mines this industry would be able to carry on until such times as other markets are available. It would give work to miners and a nominal amount of work to give them a living so they could carry on.

He also felt that the natural resources in the Crow's Nest Pass, which are abundant, such as coal, iron ore, oil, gas, etc., should be developed here where there are

\$477.80 Collected in Polio Campaign

The Canadian Legion Polio Campaign netted \$477.80 here in Coleman. Mr. A. Krywolt, chairman of the local campaign, stated that he was well satisfied with the response.

"It must be considered that the people of Coleman have had a tough time, due to working conditions, and I think their support to this campaign was splendid."

"The Ladies' Auxiliary to the Legion was the mainstay of the canvassers. They did a fine job. The Legion Polio Fund has helped many suffering from the terrible results of this dread disease and will continue to do so."

Association of Registered Nurses Hold Meeting

The regular meeting of the Crow's Nest branch of the Association of Registered Nurses was held at the home of Mrs. S. Murdoch on Thursday, March 6th.

Plans were made to hold a raffle of a grocery hamper to raise funds for the Nurses Scholarship which this branch sponsors.

This scholarship goes to the girl in grade 12 with the highest passing marks, who intends to enter the nursing profession.

Following the business session a delicious lunch was served by the hostess.

Legion Retain Bingo Jackpot

A good crowd attended the Legion Bingo on Friday evening.

However no one was lucky enough to win the \$45 jackpot. This will make the jackpot at the next bingo \$50, to be won in 59 numbers.

B. Barber of Bellevue won the consolation of \$5.

Other lucky winners were: Clock, Mrs. J. Anderson, Blairmore.

\$5 cash, A. Gettman, sr. Camera, Mrs. G. Misura. Canister set, Mrs. J. McDonald. Coffee pot, Mrs. J. Kullik.

\$5 cash, J. Sudworth. Groceries, Mrs. J. Leparek. \$5 cash, J. Baralotti.

Kitchen utensils, M. Moore. Door prize, J. McLaughlin. Consolation, T. Sudworth.

Red Cross Notes

From October 14th, 1957, to March 31st, 1958, Coleman branch of Red Cross has sent the following shipment to Calgary headquarters.

Nine quilts.
One sweater.
Four night dresses.
Eighteen vests.
Twenty towels.

In addition to this shipment, six quilts were donated in town.

More workers would be welcome every Wednesday afternoon in the basement of the Legion.

In Slum houses are constructed with odd numbers of floors and steps to insure good luck.

Goodwill W.A. Hear Meeting Reports

The regular monthly meeting of the Goodwill W. A. of St. Paul's United Church, held on March 10th.

There was a good attendance with visitors from the Hillcrest W. A. and a few other visitors.

The reports from the various Presbyterian meetings were heard and proved very interesting. Mrs. R. Lowe reported on the Lethbridge meeting while Mrs. J. Ranshaw gave one from the meeting held in Medicine Hat.

The Watari Interview on Mission Study was given. Mrs. Watari came to Canada from the United Church of Christ in Japan. She has now returned to Japan, sailing from San Francisco carrying back with her loving memories and our goodwill.

As the distance between us grows greater you and I, let our hearts be joined closer in prayers of thanksgiving and most of all continuing our task to be Peace Makers between Man and Nations, and make way for the Prince of Peace to come to reign over many more hearts in this world estranged from God.

In a 20-mile race a man would win over a horse because of his endurance.

'Get Out the Vote' Campaign Launched in Montreal

Montreal, Que. — The Canadian Chamber of Commerce announced today that it has launched a national, non-partisan "get-out-the-vote" campaign.

To make the program fully effective right across the country, Canada's national business organization is enlisting the aid of its over 750 member boards of trade, and Chambers of Commerce and some 2400 member companies.

These groups, representing a cross-section of the country's business and community life, are asked to cooperate in an all-out effort to encourage people to go to the polls on March 31st.

They will bring into play such things as literature, lectures, speakers, door to door campaigns, posters. Throughout the campaign, the Canadian Chamber will co-operate fully with the Junior Chamber of Commerce of Canada which is also conducting a national "Get out the Vote" campaign.

The Junior Chamber of Commerce of Canada has a membership of 20,000 young businessmen and 275 local units across Canada.

Slogans being used is "Vote As You Like—But Vote".

"Democracy depends upon the exercise of the free and secret ballot," stated President Ralph Pybas of The Canadian Chamber of Commerce. "Citizens should keep informed, only an informed electorate can put to effective use the full value and worth of the franchise — they should make sure their names are on the voters' lists and most important of all on election day, March 31st, they should vote."

Music Students Receive Results

The University of Alberta announced the results recently of the Theoretical and Practical examinations of the Western Board of Music in Alberta, held in February.

Successful students here were: THEORY —

Grade III, First Class Honors Arlene Marconi and Judy Holyk (equal). (Equal), James Montalbetti, Konrad Hurs and Georgann Pattison.

Wesley Dunford.

Grade II, First Class Honors Paulette Rypien and James Dibblee.

Grade I, First Class Honors Lianne D'Ambro.

Local Boys Wins Naval Training Award

Ordinary Seaman William Smith was a recent award winner on completion of his twenty-week new entry training at HMCS Cornwallis at Cornwallis, Nova Scotia.

William "Billy", as he is known here, is the son of Mr. and Mrs. W. Smith. He was born here and received all his education in Coleman schools.

While here he worked for Coleman Collieries here and at Banff.

"Everything Without Regard To Limit.....!"

Today Alberta ... and Canada ... stand on the brink of really BIG things.

In the words of our Prime Minister, "everything without regard to limit" will be done to provide work for Canadians and an opportunity for the better things of life... through vigorous development of our resources, increased foreign trade, social security and moral leadership among the nations.

These are the pledges of our Diefenbaker Government, which has already fulfilled so many of its 1957 promises: to taxpayers, home-builders, senior citizens, agriculture, industry ... and YOU!

LAWRENCE E. KINDT

On March 31st ... in Alberta ... let's get moving on the vital tasks ahead ... with YOUR member of John Diefenbaker's Alberta team!

Employment in Pass Area Investigated By Committee

(Courtesy of Lethbridge Herald.)
Blairmore, Alta. — A meeting of the special unemployment committee was held in the offices of the Blairmore UIC this week to discuss and investigate the possibility of lining up projects for the Pass area that would alleviate the unemployment situation in this area.

F. J. Lote, manager of the Blairmore office, of the UIC, pointed out that there were 822 unemployed in the area from Pincher Creek west through the Pass to Fernie as of February 1st. This figure, he said, was made up of 389 unemployed on the British Columbia side of the Pass, while the remaining 433 were on the Alberta side.

T. Van Wyk of the Burnis Lumber Company stated that although

the lumbering industry had enjoyed ideal weather conditions during the winter which had prolonged work, with the break up soon to come unemployment would increase and would continue to the middle of June.

The committee came forth with the following suggestions which are being acted upon immediately. Attempts will be made to have the No. 3 highway through the area widened at many narrow points, as well as possibly having restrooms and rebuild the road from Pincher to Port Macleod, which at present is in deplorable condition.

Creeper grades for trucks along steep hills was also suggested.

The possibility of having a new section of road built around Crows Nest Lake to eliminate several sharp corners which create difficulty in winter also was suggested.

The new section which would provide an almost straight route on the level could be built by bring-

ing a gap between Crows Nest Lake and Stewart Lake. This project, it was felt, would employ considerable men and equipment.

Forestry Projects

The matter of the forestry department carrying on with the project of repairing culverts, building roads, maintaining present forestry roads and building camp-shelters was brought up and John Hogan, superintendent of the Blairmore offices of the forestry department indicated that if money were available much work could be done. He said that during last year some 45 to 50 men had been put to work and that eight are still employed.

Several other projects, such as building an iron railing around Lundbrook Falls for the protection of persons visiting the falls, as well as graveling a road to Burnis Lake were also suggested.

Letters from the committee are being sent to various government departments and information on

the meeting has been forwarded to William Kovach, M.L.A., in an attempt to get immediate action.

Mayor Frank Abousaify of Coleman, gave a report on his recent visit to Calgary to attend a hearing of the Alberta Petroleum and Natural Gas Conservation Board to consider an export application from the West Coast Transmission Co. Ltd. to ship gas through the Crows Nest Pass via pipeline to California. Mayor Abousaify indicated that he was very well received at the hearing.

He had pointed out that all in the Pass were favorable towards the export of gas as it would result in a sulphur plant being built in this area. He also informed the hearing that various industries dependent on gas for their operation could become a reality here should permission be granted to export the gas to the United States.

He strongly emphasized the need of new industry in the Pass

to assist the hundreds of coal-mining families here that had been thrown out of work.

Attending the meeting were F. J. Lote and J. J. Yanota, of the National Employment Service; J. Hogan of the forestry department; J. Kerr of Frank; Bill Holyk and Mayor Abousaify of Coleman; Vern Decous, of Blairmore and T. Van Wyk of Burnis Lumber Co.

Funds available for short term loans

Canada seems to have a healthy supply of funds available for short term lending.

The Bank of Canada rate dropped sharply recently to 2.91 per cent from 3.11 a short time before. The rate the central bank's charge on loans to chartered banks and other lending institutions is set at one-quarter of one per cent above the week's average yield on the government's 90-day treasury bills.

Yield on the bills was down last week to 2.66 per cent from 2.86, reflecting a heavy demand for the short term securities. Informants said this might indicate some banks and investment houses had idle funds on their hands.

Previous low for the Bank of Canada rate was 2.75 per cent in April, 1956. The all-time high was 4.33 per cent, reached last August 22nd during a "tight money" period.

Soon after the Progressive Conservative government assumed office following last June's general election it set out to reverse the tight-money policy of the previous Liberal administration.

Since then the Bank of Canada rate has fallen from its record mid-summer high. Meanwhile the chartered banks' prime rate on loans had dropped from five and three quarters per cent last August to five and one quarter per cent last month.

A Fighting Man For A Fighting Job

Mr. Hansell's fighting spirit has won for him a reputation of being one of the most effective men in Parliament. His experience tells the story. He has served defectively on the following committees:

- 1.—He was on the original and historic committee that brought in the Unemployment Insurance Bill.
- 2.—Industrial Relations.
- 3.—Banking and Commerce.
- 4.—Railways and Shipping.
- 5.—Special Committee for Revision of Criminal Code.
- 6.—War Expenditures.
- 7.—Public Accounts.
- 8.—Private Bills.
- 9.—Special Committee on Radio Broadcasting.
- 10.—External Affairs. His work won recognition. He was sent to U.N. Assembly at Paris as advisor to Canadian Delegation.
- 11.—Several Minor Committees.

THIS IS A RECORD OF ACCOMPLISHMENT

Pioneer editor healthy at 92; has firm views

FRANCOIS, Sask. (cp) — Former newspaper man William Kennedy at 92 said he owes his excellent health to the fact he has never had an alcoholic drink or a smoke in his life.

But he added quickly that he never bothered much with the temperance issue. "You can't legislate people into the kingdom of heaven," he said in an interview. "Removing the liquor will not make fools sensible. They will find other ways of being foolish."

Mr. Kennedy, an editor of The Qu'Appelle Vidette from 1890 to 1897, said he has consulted a doctor only twice. Both times he paid \$5 and got a solid bill of health.

The first check-up was in 1920, and the second a short time ago, following an attack of the flu.

Retired Farmer

He lives alone on a farm near

this community 40 miles southeast of Regina. In 1947 he retired from farming and in 1949 he and his wife moved to a separate home on his son's farm where he continued to live after his wife's death in 1950.

Born in Glasgow, Scotland, he moved with his family to Ireland in 1872 and in May, 1889, arrived in Indian Head, Sask.

While he was in charge of the Port Qu'Appelle paper, he also was raising several colts so that he could go farming. This he did when the boom town of Port Qu'Appelle began to decline. He began farming in the Francis district and has lived there since.

Concerning the alcohol problem, Mr. Kennedy said he could not agree with "moderation" in drinking.

"Why not moderate lying, stealing, licentiousness or any other evil? There is absolutely nothing to justify a man in getting drunk. Every time a man goes under the influence of liquor, he is simply

putting in a bid for early senile decay."

Vermont Students on Quebec project

MONTREAL, Que. (cp)—A group of Vermont undergraduates is living and working in Quebec province for two months as part of a project called "A Study of Canadian Cultures".

Dr. Milton Rosner, professor of sociology and anthropology at Goddard College, Plainfield, Vt., said in an interview he fostered the trip to give the students "practical sociological study."

The project is sponsored by the Ford Foundation.

"This is the first year of the Can-

adian plan, but we hope it will be an annual affair broadening out into study of other parts of Canada," Dr. Rosner said.

All but two of the students are living in French-speaking homes in Montreal and working in volunteer training jobs. One is in Trois-Rivières, Que., one in Granby, Que.

The students and their advisor meet every Friday night in seminar at the University of Montreal.

The university has been "most hospitable" to the group, Dr. Rosner said.

The greatest difficulty encountered so far was the language barrier. "Their school French is not always adequate in a Quebec industrial plant," Dr. Rosner said.

LAWRENCE E. KINDT

DIEFENBAKER CANDIDATE

ALL ALONE!

That's where the Crownsnest Pass people have been for the past 37 years.

You've had no voice in government discussion of your problems - no understanding of your problems by the representatives of your district - and no desire to come down and study your problems so some solution can be suggested and carried out.

For 37 long years you have been all alone.

This election vote Lawrence E. Kindt—the Diefenbaker man. Elect a representative who is on the side of the government—not in opposition.

KINDT can speak effectively for the people of the Crownsnest Pass. He is an Industrial Economist and has the necessary education and experience.

On March 31st - VOTE

KINDT, Lawrence E.
